

## JULY 2025

### TUESDAY 1

A woman has been listening to the Word of God for 3 years. Recently she told us that during her sleep, one man came dressed in white, stood beside her and asked her to repent from her sin and follow him. She said she could not understand this but it happened again and while she listened, she felt peace come upon her which led to her make a decision to be baptised. Ask our merciful Lord to visit the majority people in our nation that they will be set free. In recent years, the rate of persecution has only worsened. Blasphemy laws continue to be misused, often weaponised to settle personal disputes or incite communal violence.  
N & S, South Asia

### WEDNESDAY 2

The Montenegro trip with Oakhall where Gareth gave the Bible teachings had tremendous positive feedback from the group. The Open Air Mission, London week team which Malou joined was also greatly blessed with many contacts for the gospel. We are encouraging them to live a normal life by socialising and to take part in different activities. Please remember my mum too in prayer – she is having further eye treatment this month.  
Mia, Romania

We are praising the Lord for the mission to Sabtang Island. The brethren are attending more consistently! Yes, we had setbacks in that our main contact in the island has moved to Basco, the neighbouring island but her daughter and family stayed in the island and are the ones accommodating us in their house whenever we sail to the island. We meet in their house once a week. Ask the Lord for the right missionary who will stay in the island. Jerry & Gea, Philippines

### TUESDAY 15

We thank you sincerely for your faithful prayers. We praise God for His mighty works in our mission to reach the unreached. Last year, nearly 80,000 from across TN gathered for a youth camp. The Holy Spirit touched thousands of young hearts. This year, God has placed a greater vision in our hearts: to gather 120,000 for a revival youth camp in area T. We encourage each of you to get involved in various ways to make this significant event a success. God has commanded us to preach the Gospel to the ends of the earth. Our burden and vision are to prepare and empower the next generation for mission work and national revival. Please stand with us in fulfilling God's plan through this mission. You are always remembered in our daily prayers. David & Jeba, South Asia

## JULY 2025

### WEDNESDAY 16

On her first visit to the M people group who live in an isolated arid place, my wife wondered how they live. 70% of the children were without footwear and survive hand to mouth. We conducted a free medical camp. The initiative was in response to increasing complaints about health issues due to extreme summer conditions (48 Celsius) and limited access to medical facilities. The primary aim of the free medical camps was to provide basic healthcare check-ups and immediate medical relief, particularly to our brothers and sisters. Thank God we were able to help 219 people. Continue to pray with us as we want to conduct 2 more medical camps in 2 other poor Christian villages. N & S, South Asia

### THURSDAY 17

Pray for more sponsors for the scholarship programme of SIKATT – we are praying to support 25 students this school year. Pray with us too for the rebuilding of the student centre for meetings, gathering and fellowships that they may help the scholars grow in maturity. We need more volunteers for the ministry. Zaldy & Ria, Philippines

### FRIDAY 18

For 5 years, we have been doing ministry among the majority people who do not share our faith. We have been teaching them the Word of God, and until now, they are not ready to publicly profess faith through baptism. Ask the Lord to give them understanding of who he is, his love and his gift of salvation, to overcome their fear and the pressure from society, culture and traditions. S & B, South Asia

### SATURDAY 19

By God's grace we are doing well. All our children who passed their 10th grade exams with good marks and two girls are continuing their 11th grade in a new school and two boys want to continue technical courses. We have struggled without staff for the past one month but God answered and we appointed a husband and wife as house father and house mother. With your prayers, we will see them committed to the task and vision of El Shadai. We have entered the 29th year in El Shadai, what a journey! When I sit back and see God's faithfulness in the midst of loss, cries, pain and needs, to God be the glory. JP & Hepzi, South Asia

### TUESDAY 22

Over the past six months, there have been large students' protests around Serbia and all universities were under a blockade. Just this week, Abigail, our daughter's University and some others decided they will continue the studies online. To us, it seems impossible to catch up with six months of studies in the next two months and students are not happy with that decision. We know that God is in control. Pray for His grace, mercy and strength for Abigail and us in this coming season. Saško & Ira, Serbia,

We need a Solar System Installation in the Chopan office to overcome the load shedding (power cuts) of electricity as well as overbilling. A & K, South Asia

### SATURDAY 26

We have to resolve things with our neighbours who recently purchased their property. They had to obtain signatures to be allowed to demolish and then rebuild, however, they went to court due to discrepancies in some survey measurements that they wanted changed. We were not told of this situation and they were not talking to us. We had to consult a lawyer to understand better what the new neighbour's intentions are. It has been very stressful. It is taking time and effort to understand all these legal aspects. Praise God, Lidia is helping us. Pray for God's provision for Casa Vietii.  
Mia, Romania

Many business people who participate in Grace & Light Voluntary Savings and Accountability Groups (VSAG) have lamented the attitude among Christians of 'buying on credit' and not paying back.
